SUMMARY

Experienced React and React Native Developer with a proven track record of designing, developing, and maintaining high-performance web and mobile applications. With over 2 years of hands-on experience, I have a deep understanding of React's architecture and ecosystem, including state management, component lifecycle, and advanced patterns like Higher-Order Components and Render Props. My expertise extends to React Native, where I've successfully built cross-platform mobile applications that deliver a seamless user experience.

EXPERIENCE

SENIOR ASSOCIATE TECHNOLOGY | AIT GLOBAL INDIA PVT LTD

November 2021 - Present, Pune

- Developed and maintained web applications using React and React Native, resulting in the creation of responsive and user-friendly interfaces for both web and mobile platforms. Leveraged React's component-based architecture to build reusable UI components and optimize performance across various devices and screen sizes.
- Designed and implemented mobile applications for Android and iOS platforms, leveraging React Native to ensure cross-platform compatibility and optimal performance. Utilized native modules and third-party libraries to access device features and deliver a native-like user experience.
- Utilized Spring Boot to develop RESTful APIs and backend services, enabling seamless integration with the front-end applications and ensuring efficient data management and retrieval. Implemented security measures and data validation to safeguard sensitive information and maintain data integrity.

PROJECTS

Enterprise Application | AIT GLOBAL INDIA

- Developed a robust Enterprise Application using React and TypeScript to streamline workforce management and enhance operational efficiency.
- Leveraged the power of React and TypeScript to create a modern, user-friendly Enterprise Application solution, providing comprehensive tools for employee management, attendance tracking, and reporting.
- Engineered a scalable and responsive Enterprise Application platform with advanced features, such as real-time attendance monitoring, leave management, and customizable reporting capabilities.
- Implemented TypeScript to ensure type safety and improved code quality, resulting in a more maintainable and error-resistant codebase for the Enterprise Application.
- Designed and integrated intuitive user interfaces using React, offering a seamless and engaging experience for HR professionals and employees interacting with the system.
- Engineered a cross-platform mobile application using React Native to extend the functionality of the Enterprise Application, providing seamless access to workforce management tools on both Android and iOS devices.
- Developed a feature-rich mobile app with React Native, offering employees and managers convenient access to Enterprise Application functionalities.

EDUCATION

Bachelor of Information & Technology | University of Mumbai

Minor in Information & technology, 7.87, Mumbai, 2020

CERTIFICATIONS

Oracle Cloud Infrastructure 2023 Certified Foundations Associate | Oracle

The Oracle Cloud Infrastructure 2023 Certified Foundations Associate certification is relevant for showcasing foundational knowledge and skills in Oracle Cloud Infrastructure, demonstrating proficiency in cloud concepts and core OCI services.

SKILLS

Frontend Skills: Ui, Web, Native Technical Skills: React , Html, Css, React Ts , Typescript, Ui, React Native,
Backend Skills : Java, Spring, Spring Boot, Jpa, Restful Api
